

# ROVER HD TAB 7, HD TAB 9 and HD PROTAB STC

**WARNING:** Instructions for proper SHOULDER STRAP HOOK fixing to the meter's bag

To prevent accidental release of the shoulder strap hook, please follow the here after provided instructions and carry with care the instrument using the handle or shoulder strap. However, with a continued rotation of the shoulder strap hook, in exceptional circumstances, an accidental hook opening may occur. Therefore, it is recommended to fix them with the proper direction as indicated in the pictures below.
